EDUCATION

Bachelor of Science (B.Sc.) in Information Technology 2023–2026

Guru Nanak Khalsa College, Mumbai

CGPA: 7.5

Higher Secondary Certificate (HSC) – Computer Science 2022

Maharashtra State Board

TECHNICAL SKILLS

Operating Systems: Linux, Windows

Networking: TCP/IP, DNS, HTTP/HTTPS, ARP, NAT, Firewalls, Ports and Protocols

Cybersecurity: Network Scanning, Traffic Analysis, Web Application Security Fundamentals

Artificial Intelligence: Machine Learning Fundamentals, Feature Engineering, Model Evaluation

Programming: Python (OOP, Scripting), JavaScript (Basics)

Tools: Wireshark, Nmap, Burp Suite, Kali Linux, Metasploit, SIEM Tools

Developer Tools: Git, GitHub, Postman

Core Skills: Problem Solving, Analytical Thinking, AI-driven Analysis, Technical Documentation

PROJECTS

ZTAI-Block – AI-Powered Zero Trust Access Control 2025–Present

[GitHub Repository](#)

- Designed Zero Trust access control with AI anomaly detection.
- Implemented tamper-resistant blockchain security logging.
- Evaluated enterprise security risks and attack surfaces.
- Analyzed behavioral signals for abnormal access detection.

NutriMed – AI Diet & Exercise Recommendation System 2025

Internship Project at Excler | [Live Application](#)

- Built an AI-based system for personalized diet and exercise recommendations using health data.
- Implemented BMI calculation, calorie estimation and macro distribution using ML.
- Deployed Flask REST API with ML inference and integrated React frontend.

CERTIFICATIONS

- TryHackMe – Advent of Cyber
- Cisco Networking Academy – Introduction to Cybersecurity
- TryHackMe – Pre Security Certificate

ACTIVITIES

- Conducted cybersecurity awareness sessions under CEP.
- Educated students and staff on cyber safety and fraud prevention.
- Created presentations and educational awareness content.

INTERESTS

- Cybersecurity research, AI applications, hands-on labs
- Reading technology-related articles and books
